c) admired d) is admiring
- Q.10 Communication is a part of _____ skills.
- a) short b) soft
c) hard d) rough

SECTION-B

Note: Objective type questions. All questions are compulsory. (10x1=10)

Read the passage given below and answer the questions:

Necessity is indeed the mother of invention. When areas in and around Leh began to experience water shortages, life didn't grind to a halt. Why? Because Chewang Norphel, a retired civil engineer in Jammu and Kashmir government came up with the idea of artificial glaciers. Ladakh, a cold desert at an altitude of 3,000 - 3,500 meters above sea level, has a low average annual rainfall rate of 50mm. Glaciers have always been the only sources of water. But over the years with increasing effects of climate change, rainfall and snow fall patterns have been changing, resulting in severe shortage and drought situations. Fondly called the 'glacier man", Mr Norphel has designed over 15 artificial glaciers in and around Leh since 1987. In recognition of his pioneering efforts, he was conferred the Padma Shri by President Pranab Mukherjee, in 2015.

- Q.11 Who was Chewang Norphel?
- Q.12 What kind of land form in Ladakh?
- Q.13 Why has the pattern of rainfall & snowfall changed?
- Q.14 Mr Norphel is fondly called as _____.
- Q.15 How many artificial glaciers in and around Leh have been designed since 1987?
- Q.16 When did he receive 'Padma Shri' award and by whom?
