

- Q.25 What are different types of sewing needles used?
- Q.26 Discuss the principle of pressing.
- Q.27 What are different types of pressing equipments?
- Q.28 Explain Marking and reproduction of marker.
- Q.29 What is importance of seam allowance?
- Q.30 Explain concept of Quality control in Garment industry.
- Q.31 Explain the processes involved in cutting room.
- Q.32 What are Eco labels?
- Q.33 What are International care labelling system?
- Q.34 Discuss about are Principles of quality control.
- Q.35 Discuss about Japanese care labeling system.

### SECTION-D

**Note:** Long answer type questions. Attempt any two questions out of three questions. (2x10=20)

- Q.36 Explain different classes of seam types.
- Q.37 Explain cutting and planning process in full detail.
- Q.38 What are requirements of spreading process? What precautions are required to be taken?

### 5th Sem. / Textile Technology

### Subject:- Garment Manufacturing Technology

Time : 3Hrs.

M.M. : 100

### SECTION-A

**Note:** Multiple choice questions. All questions are compulsory (10x1=10)

- Q.1 Inter looped stitch is also known as \_\_\_\_\_  
a) Chain stitch                      b) Lock stitch  
c) Over lock stitch                  d) None of above
- Q.2 Cutting V shaped sections from the seam allowance is called \_\_\_\_\_  
a) Grading                              b) Notching  
c) Hemming                              d) None
- Q.3 What is meant by Fusing in Garment industry?  
a) Paper interlining  
b) Sewn interlining  
c) Joining of interlining through heat and pressure  
d) None
- Q.4 What is meant by marker in garment industry?  
a) One kind of pen  
b) One kind of label  
c) The paper for drawing the picture of patterns  
d) Coloured stickers

- Q.5 This tool protects your fingers when you sew by hand
- a) Thimble                      b) Sewing gauge  
c) Thread                      d) Rotary cutter
- Q.6 This is a guide containing steps to make a garment
- a) Seam allowance      b) Thimble  
c) Seam                      d) Pattern
- Q.7 This tool is used to temporarily hold two or more pieces of fabrics together
- a) Chalk                      b) Pins  
c) Bobbins                      d) Needles
- Q.8 The term used for items worn on the body is called \_\_\_\_\_
- a) Clothes                      b) Wearing  
c) Garments                      d) Dresses
- Q.9 Making straight cuts into the seam allowance is called \_\_\_\_\_
- a) Clipping                      b) Grading  
c) Notching                      d) Hemming
- Q.10 The direction of threads in a woven fabric is known as \_\_\_\_\_
- a) Selvedge                      b) Warp  
c) Grain                      d) Weft

## SECTION-B

**Note:** Objective type questions. All questions are compulsory. (10x1=10)

- Q.11 Class 3 seams are also known as \_\_\_\_\_.
- Q.12 Patterns pieces normally carry a \_\_\_\_\_ line.
- Q.13 What is dart?
- Q.14 TQC means.
- Q.15 What is Notcher?
- Q.16 Class 500 stitch is also known as?
- Q.17 What you understand by Seam allowance?
- Q.18 Class 300 stitch is also known as?
- Q.19 Define Stitch.
- Q.20 Write two problems faced in Sewing machine.

## SECTION-C

**Note:** Short answer type questions. Attempt any twelve questions out of fifteen questions. (12x5=60)

- Q.21 Write objectives of spreading.
- Q.22 Explain different methods of cutting.
- Q.23 Explain sewing problems faced during garment manufacturing.
- Q.24 Explain marker planning.
