SECTION-B

Note: Objective type questions. All questions are compulsory. (10x1=10)

Read the passage given below and answer the questions. (CO-5,7)

There will hardly be anyone who will be ignorant of the name of crypto currency. For the last few years, crypto currency has become very popular all over the world. Its craze in India has also increased very fast.

It's nothing but a digital currency that is based on Blockchain technology. Some popular crypto currencies are Bitcoin, Binance coin, Ethereum, XRP, etc.

The most important thing about this currency is that it's completely decentralized, which means that there is no control of any country over it, that's why many countries still consider it illegal, but recently India has considered it legal.

It's such a currency that doesn't exist in physical form, but with the help of it, you can buy any goods and also do investing and trading. When a transaction takes places, it's monitored through powerful computers, which is called crypto currency mining in another language.

Q.11 What is crypto currency?

(2) 200021/170021/120021
/080047C/33041/60041
