SECTION-A

Note: Multiple choice questions. All questions are compulsory (6x1=6)

- Q.1 Blood is a _____ tissue.
- a) EPITHELIAL b) CONNECTIVE
c) MUSCLE d) None of these
- Q.2 RBC's are also known as _____
- a) Erythrocyte b) Leukocyte
c) Thrombocyte d) None of these
- Q.3 In Hemoglobin Haem is a _____ part.
- a) Calcium b) Protein
c) Iron d) None of these
- Q.4 Decrease No. of platelets is also known as _____
- a) Thrombocytopenia b) Leukocytopenia
c) Erythrocytopenia d) None of these

Q.5 Hayem Diluting fluid is used for counting of_____

- a) WBC's b) RBC's
- c) Platelets d) None of these

Q.6 Which cell help in Blood clotting?

- a) RBC's b) WBC's
- c) Platelets d) None of these

SECTION-B

Note: Objective/ Completion type questions. All questions are compulsory. (6x1=6)

Q.7 Normal adult count of WBC is_____ cubic mm.

Q.8 _____ helps to regulate the body's immune system.

Q.9 Normal range of platelets counts is_____ lakh.

Q.10 When two solution have same osmotic pressure are said to be_____ solution.

Q.11 Give the names of two RBC diluting fluid.

Q.12 _____ is the normal range of Hemoglobin in infant.

SECTION-C

Note: Short answer type questions. Attempt any eight questions out of ten questions. (8x4=32)

Q.13 Define the term Anticoagulants & Write their uses.

Q.14 Write a short note on RBC diluting fluid.

Q.15 Define the types of Haemoglobin.

Q.16 Give a short note on Giemsa stain.

Q.17 Draw & Explain Neubauer counting chamber.

Q.18 Define the term Thrombocytopenia & Write their causes.

Q.19 What is Quality control in Haematology?

Q.20 What are the common causes of inaccuracy?

Q.21 What are the components of Quality Assurance?

Q.22 Define Anemia & Write their symptoms.
