

SECTION-D

Note: Long answer questions. Attempt any one question out of two questions. (1x10=10)

Q.19 Discuss the key principles and objectives underpinning rural development in India. Analyze how technological progress and the widening reach of education have contributed to the accelerated pace of rural transformation in recent decades.

Q.20 Calculate the mean, median, mode, and standard deviation of the following data. Also interpret the results.

Class	0-10	10-20	20-30	30-40	40-50
Frequency	5	10	15	12	8

No. of Printed Pages : 4

Roll No.

**1st Sem. / DVOC (Level-4)
SD (Software Development)**

Subject : General Foundation Course - II

Time : 2Hrs.

M.M. : 50

SECTION-A

Note: Multiple Choice questions. All questions are compulsory. (5x1=5)

Q.1 Which function involves planning , organizing and controlling?

- a) Marketing b) Management
- c) Finance d) Production

Q.2 The graphical representation of continuous data using adjacent rectangles is called:

- a) Ogive b) Frequency Polygon
- c) Histogram d) Bar Diagram

Q.3 Standard deviation is a measure of

- a) Central tendency b) Dispersion
- c) Position d) Skewness

Q.4 Soil erosion is mainly caused by:

- a) Irrigation b) Deforestation
- c) Use of fertilizers d) Price index

Q.5 Which of the following is not an input device of a computer?

- a) Keyboard b) Mouse
- c) Monitor d) Scanner

SECTION- B

Note: Objective/Completion type Questions. All questions are compulsory. (5x1=5)

Q.6 Define financial management.

Q.7 Ogive is used to determine _____ (Median/Mode)

Q.8 State one harmful effect of pesticides.

Q.9 Linear programming is used for the optimization of _____.

Q.10 A frequency polygon is formed by joining the midpoints of class intervals. (True/False)

SECTION-C

Note: Short Answer Questions. Attempt six questions out of eight questions. (6x5=30)

Q.11 Explain any five basic functions of management.

Q.12 Differentiate between mean and median. (Any five points)

Q.13 Explain the applications of linear equations in business.

Q.14 Describe the causes and prevention methods of soil erosion.

Q.15 Explain the importance of marketing management.

Q.16 Describe a frequency table and explain its significance.

Q.17 Explain water logging and its effects on agriculture.

Q.18 Explain the uses of computers in business organizations.
