

Q.22 Describe the major components of engine & their function.

SECTION-D

Note: Long answer type questions. Attempt any two questions out of three questions. (2x8=16)

Q.23 Describe construction and working of 4 stroke SI/Petrol engine with neat diagram.

Q.24 Classify Automobiles on various basis in detail.

Q.25 Write difference between cautionary and mandatory road signs and draw any four road signs of both types.

No. of Printed Pages : 4

220314

Roll No.

1st Sem / Automobile

Subject : Basics of Automobile Engineering

Time : 3 Hrs.

M.M. : 60

SECTION-A

Note: Multiple choice questions. All questions are compulsory (6x1=6)

Q.1 Engine capacity is measured in

- a) centimeter Cube b) Litre
- c) Both a & b d) None of given

Q.2 Which of the following is not a part of Internal Combustion engine?

- a) Crankshaft b) Flywheel
- c) Piston d) Differential

Q.3 Automobile may be defined as

- a) used for carrying passengers and goods on the ground
- b) self-propelled vehicle

- c) contains the power source for its propulsion
- d) All of the above

Q.4 Classify IC engine on the basis of cycle of operation

- a) Otto cycle Engine b) 2 Stroke Engine
- c) 4 stroke engine d) SI engine

Q.5 Give two Example of Heavy Motor Vehicle

- a) Bus & Car b) car & Truck
- c) Truck & Bus d) Tractor & Van

Q.6 Spark occurs at the end of _____ in four stroke engine.

- a) Suction stroke b) Compression stroke
- c) Power stroke d) Exhaust stroke

SECTION-B

Note: Objective/ Completion type questions. All questions are compulsory. (6x1=6)

Q.7 Train is an example of automobile.(True/False)

Q.8 Write full form of LMV.

Q.9 Write full form of CI.

Q.10 Write full form of BDC.

Q.11 The compression ratio of diesel engine is less than petrol engine.(True/False)

Q.12 Write function of connecting rod.

SECTION-C

Note: Short answer type questions. Attempt any eight questions out of ten questions. (8x4=32)

Q.13 Give four names of leading manufacturer of cars in India.

Q.14 Write the need and applications of Automobiles.

Q.15 Draw a sketch of layout of four wheeler chassis.

Q.16 Write the types of wheel drives in an automobile.

Q.17 Write the names of cars according to its body types.

Q.18 Give tips for safe driving.

Q.19 Describe various types fuel used & their applications in an automobiles.

Q.20 Describe traffic lights and give their significance.

Q.21 Describe conventional Chassis Frame with diagram.
