5th Sem / Ceramic

Subject : Whiteware and Glazes

Time : 3 Hrs.

M.M. : 60

SECTION-A

Note: Multiple choice questions. All questions are compulsory (6x1=6)

Q.1 Water absorption of stoneware body is-

- a) 1-5% b) 10-20%
- c) 20-30 % d) None of these

Q.2 Sanitary ware body can be-

- a) Stone ware body b) Snow ware body
- c) Terrocotta body d) None of these

Q.3 Blistering are _____ in glaze.

- a) Small bubbles b) Stones
- c) Big bubbles d) None of these

Q.4 Vitrified tiles have -

- a) High Water absorption

- b) Low water absorption
- c) Less Strength
- d) None of these

Q.5 Crazeing can be checked by-

- a) Autoclave b) Vicat apparatus
- c) Drier d) None of these

Q.6 Abrasion resistance can be measure by -

- a) Moh's scale b) Sand blast test
- c) Drum test d) All of these

SECTION-B

Note: Objective/ Completion type questions. All questions are compulsory. (6x1=6)

- Q.7 White ware is tri axial body. (T/F)
- Q.8 Floor tile is fully vitrified. (T/F)
- Q.9 Dunting defect is glaze defect. (T/F)
- Q.10 The major raw material in dental porcelain body is _____. (feldspar / CaO)
- Q.11 Salt glazed ware have high resistance to chemical attack. (T/F)
- Q.12 Methyl blue solutions is used in corrosion test. (T/F)

SECTION-C

Note: Short answer type questions. Attempt any eight questions out of ten questions. (8x4=32)

- Q.13 Define earthen ware body.
- Q.14 Explain determination of plasticity.
- Q.15 Write importance of labelling hazardous ceramic materials.
- Q.16 Determination of loss on ignition.
- Q.17 Explain properties of Paving bricks.
- Q.18 Draw flow chart of wall tiles manufacturing process.
- Q.19 Describe causes and prevention of pin holes.
- Q.20 Explain glaze and composition of glaze.
- Q.21 How cracks and warpage can be prevented.
- Q.22 Describe bone china body.

SECTION-D

Note: Long answer type questions. Attempt any two questions out of three questions. (2x8=16)

- Q.23 Determination of drying and firing shrinkage of ceramic body.
- Q.24 Define glaze and classification of glaze.
- Q.25 Explain health and safety procedure in ceramic industry.
