

5th Sem/ Civil
Subject : Advanced Construction Technology

Time : 3 Hrs.

M.M. : 60

SECTION-A

Note: Multiple choice questions. All questions are compulsory (6x1=6)

- Q.1 Advantages of carbon fibre are
a) Corrosion resistant b) UV resistant
c) Chemical resistant d) All of above
- Q.2 The weight of PVC is
a) Light b) Heavy
c) Moderate d) Extremely heavy
- Q.3 In case of rolled concrete, cement is replaced by
a) Fly ash b) Bagasse ash
c) Marble powder d) Red mud
- Q.4 A bridge more than _____ span is treated as long span bridge.
a) 30m b) 60m
c) 90m d) 120m
- Q.5 Main component of the tractor are
a) Engine b) Transmission system
c) Engine clutch d) All of above

- Q.6 Compaction is a process in which change in volume occur due to
- a) Removal of water
 - b) Removal of air
 - c) Setting of soil particles
 - d) All of above

SECTION-B

Note: Objective/ Completion type questions. All questions are compulsory. (6x1=6)

- Q.7 What is the full form of S-Glass.
- Q.8 PVC is _____ flammable.
- Q.9 RMC is having _____ life span.
- Q.10 Beam bridge is also known as _____.
- Q.11 Cranes are frequently used in _____ industry.
- Q.12 The process of mechanically raising soil density is called _____.

SECTION-C

Note: Short answer type questions. Attempt any eight questions out of ten questions. (8x4=32)

- Q.13 Enlist the uses of water proofing materials? (any four)
- Q.14 What are the different types of glass?
- Q.15 Write a short note on Ready mix concrete.

- Q.16 What are advantages of precast fabrication? (any four)
- Q.17 Write a short note on geosynthetic?
- Q.18 Write down advantages of dumpers. (any four)
- Q.19 Enlist the factor affecting selection of tractors.
- Q.20 Describe working of power shovel.
- Q.21 What is drag lines? Explain.
- Q.22 Write a note on under pass.

SECTION-D

Note: Long answer type questions. Attempt any two questions out of three questions. (2x8=16)

- Q.23 Explain in brief construction of multi-storey building.
- Q.24 Explain the different types of belt conveyors.
- Q.25 Write a detailed note on self-compacting concrete.
