

SECTION-D

Note: Long answer type questions. Attempt any two questions out of three questions. (2x8=16)

- Q.23 Write a detailed note on the classification and properties of medical textiles.
- Q.24 Explain filtration textiles and describe their structure, materials, and uses.
- Q.25 Discuss various geo-textiles and their applications in civil engineering.

No. of Printed Pages : 4

Roll No.

6th Sem/ Textile Design

Subject : Technical Textiles

Time : 3 Hrs.

M.M. : 60

SECTION-A

Note: Multiple choice questions. All questions are compulsory (6x1=6)

- Q.1 Which of the following is a characteristic of filter material?
- a) High shine b) Elasticity
- c) Porosity d) Waterproofing
- Q.2 Ballistic protective clothing includes which of the following?
- a) Raincoats b) Gloves
- c) Parachute cloth d) Socks
- Q.3 Geo-grids are primarily used for:
- a) Decoration b) Strengthening soil
- c) Apparel design d) Fire resistance

- Q.4 Which fabric type is widely used in filter media?
- a) Denim b) Nonwoven
- c) Velvet d) Crepe
- Q.5 Which of the following is an application of medical textiles?
- a) Shoes b) Surgical gowns
- c) Car seats d) Carpets
- Q.6 Which property is required in textiles used in airbags?
- a) High porosity b) High elasticity
- c) High strength d) Transparency

SECTION-B

Note: Objective/ Completion type questions. All questions are compulsory. (6x1=6)

- Q.7 _____ textiles are used for soil reinforcement and drainage purposes.
- Q.8 Textiles used in defence should meet _____ requirements.
- Q.9 _____ fabrics are used in making waterproof breathable garments.
- Q.10 Nonwoven fabrics are suitable for use in _____ media.

- Q.11 Geocomposite is a combination of geotextile and _____.
- Q.12 _____ textile are used in hospitals and hygiene products.

SECTION-C

Note: Short answer type questions. Attempt any eight questions out of ten questions. (8x4=32)

- Q.13 Define technical textiles and mention any three of their fields of application.
- Q.14 State the characteristics of an ideal filter textile.
- Q.15 Differentiate between woven and nonwoven fabrics in filter media.
- Q.16 What are the functional requirements of textiles in defence.
- Q.17 Describe the uses of flame retardant fabrics.
- Q.18 List different types protective clothing.
- Q.19 What are the applications of textiles in tyres and airbags.
- Q.20 Explain the concept of geocomposite.
- Q.21 What is the use of textiles in electronics?
- Q.22 List functional requirements of agricultural textiles.
