

SECTION-D

Note: Long answer type questions. Attempt any two questions out of three questions. (2x8=16)

- Q.23 Describe the medical applications of teledermatology and telesurgery
- Q.24 Compare the workflow of report for inpatient chest radiograph before and after PACS.
- Q.25 Describe the functions of confidentiality and the law, and patient- doctor relationship.

No. of Printed Pages : 4

223244A

Roll No.

4th Semester/ Medical Electronics Subject :- Telemetry and Telemedicine

Time : 3 Hrs.

M.M. : 60

SECTION-A

Note: Multiple choice questions. All questions are compulsory (6x1=6)

- Q.1 Which is the correct characteristic of Blood vessels?
- a) Soft tissue
 - b) Connective and soft tissue
 - c) Connective and hard tissue
 - d) Hard tissue
- Q.2 _____ is not a piezo-electric material.
- a) Quartz
 - b) Rochelle salt
 - c) Aluminium
 - d) Barium titanate
- Q3 Which of the following is the correction option in relation to piezo-electricity?
- a) Sound electricity
 - b) Pressure electricity
 - c) Temperature electricity
 - d) Photo electricity

Q4 Which of the following is the principle behind strain gauge?

- a) Variable contact area b) Variable inductance
- c) Variable capacitance d) Variable resistance

Q.5 _____ is the most common and convenient source of light.

- a) Neon-xenon arc
- b) Xenon-mercury arc
- c) Tungsten lamp
- d) Hydrogen discharge lamp

Q.6 Modern day calorimeters and spectrophotometry instruments use _____ light source.

- a) Tungsten-halogen lamp
- b) Xenon-mercury lamp
- c) Deuterium discharge lamp
- d) Mercury arc

SECTION-B

Note: Objective/ Completion type questions. All questions are compulsory. (6x1=6)

Q.7 Expand ICCU

Q.8 Telehealth

Q.9 Telemedicine

Q.10 Biomedical Engineering

(2)

223244A

Q.11 Preventive-care

Q.12 Wireless Telemetry

SECTION-C

Note: Short answer type questions. Attempt any eight questions out of ten questions. (8x4=32)

Q 13 Distinguish between telehealth and telecare.

Q.14 List out the different types of telemedicine

Q.15 Write short notes about POTS system.

Q 16 Identify the suitable method for digitizing the patient report in paper format

Q 17 List out the conditions for patient infringement.

Q.18 Write short notes on intellectual property rights.

Q.19 Distinguish between image tracking and patient tracking in RIS system.

Q.20 Illustrate the applications of Electronic Patient Record (EPR).

Q.21 Summarize the applications of telepathology.

Q.22 Distinguish the technology used between teleradiology and PACS.
