Roll No.

4th Semester/ Med. Eltx.

Subject : Hospital Management & Clinical Practices

Time : 3 Hrs.

M.M. : 100

SECTION-A

Note: Multiple choice questions. All questions are compulsory (10x1=10)

- Q.1 Hospital architecture and planning begins with:
- a) Drawing maps
 - b) Patient treatment
 - c) Stating the planning problem
 - d) Buying beds
- Q.2 Which system is responsible for internal logistics?
- a) Therapy system
 - b) Supply system
 - c) Engineering section
 - d) Diagnostic unit
- Q.3 The central sterile supply unit handles:
- a) Medication
 - b) Cleaning staff
 - c) Sterilized items
 - d) Electrical systems
- Q.4 Radiology department is part of:
- a) Administrative system
 - b) Supply system
 - c) Therapy system
 - d) Utility system
- Q.5 One of the key tasks of infection control is :
- a) Painting rooms
 - b) Killing bacteria
 - c) Writing reports
 - d) Marketing

- Q.6 Biomedical equipment is mainly used for :
- Maintenance
 - Diagnosis & treatment
 - Billing
 - Cooking
- Q.7 Who manages disinfection procedures in hospitals?
- Engineers
 - Security staff
 - Infection control team
 - Visitors
- Q.8 What is the purpose of hospital housekeeping?
- Staff hiring
 - Electricity supply
 - Cleaning & hygiene
 - Selling products
- Q.9 What is the use of refrigeration in hospitals?
- Entertainment
 - Data storage
 - Preserving medicines and samples
 - Lighting
- Q.10 Hospital waste includes:
- Furniture
 - Biological material
 - Books
 - Tools

SECTION-B

Note: Objective/ Completion type questions. All questions are compulsory. (10x1=10)

- Q.11 What does the utilities system do in a hospital?
- Q.12 Name one function of the house keeping system.
- Q.13 What is the full form of CSSD?
- Q.14 Give one example of hospital economic pressure.

- Q.15 Mention any one ward that needs special infection control.
- Q.16 What is disinfecting?
- Q.17 List one planning organisation involved in hospitals.
- Q.18 Write the use of air conditioning in operation theatres.
- Q.19 What kind of waste is generated in an ICU?
- Q.20 Mention one task of the administrative staff.

SECTION-C

Note: Short answer type questions. Attempt any twelve questions out of fifteen questions. (12x5=60)

- Q.21 What are the major steps in hospital planning?
- Q.22 Explain types of therapy systems in hospitals.
- Q.23 Describe the supply system and its importance.
- Q.24 Write short notes on patient housing.
- Q.25 How are disinfectants used in hospitals?
- Q.26 Explain the concept of central sterile supply.
- Q.27 What is infection control and why is it important?
- Q.28 Write five engineering services use in hospitals.
- Q.29 Describe functions of biomedical equipment.
- Q.30 What are economic pressures in hospital management?
- Q.31 Explain waste management with examples.
- Q.32 Describe planning works in hospital engineering.
- Q.33 Write short notes on changing trends in hospital care.
- Q.34 What steps are taken to protect hospital staff from infection?
- Q.35 What are fabrication works in a hospital?
