Subject : Manufacturing Technology - I

Time : 2 Hrs.

M.M. : 50

SECTION-A

Note: Multiple Choice questions. All questions are compulsory. (5x1=5)

- Q.1 The tool used for cutting wood along the grain is called:
- a) Cross-cut saw b) Rip saw
 - c) jack plane d) Boring bit
- Q.2 Which of the following is a fuel handling equipment in smithy work?
- a) Forge b) Punch
 - c) chisel d) Swage block
- Q.3 Which tool is used for piercing holes in sheet metal?
- a) Mallet b) Punch
 - c) File d) Chisel
- Q.4 Soldering differs from welding because it:
- a) Uses no filler material
 - b) Joins without melting base metals
 - c) Requires very high temperature
 - d) Is only used for plastics

- Q.5 French polish is made using:
a) Wax and oil b) Shellac and spirit
c) Copal and resin d) Bitumen and chalk

SECTION-B

Note: Objective type questions. All questions are compulsory. (5x1=5)

- Q.6 A marking gauge is used to draw lines_____ to the edge of the workpiece.
- Q.7 A_____ is used to support metal work while hammering in smithy.
- Q.8 A_____ joint is formed by folding one edge over the other in sheet metal.
- Q.9 A_____ joint allows easy disassembly and reassembly.
- Q.10 Spirit polish is made by dissolving shellac in_____

SECTION-C

Note: Short answer type questions. Attempt any six questions out of Eight questions. (6x5=30)

- Q.11 Write a short note on Holding and Supporting tools used in carpentry.

- Q.12 Explain various types of joint prepared in carpentry shop in brief.

- Q.13 Briefly explain the main process, performed in smithy shop.

- Q.14 Write a short note on punching and piercing tools.

- Q.15 What are the main defects, which can occurs in smithy shop. Give their remedy also.

- Q.16 Give the comparison of riveting with welding as joining method.

- Q.17 Write a short note on soldering and brazing.

- Q.18 Name the steps involved in making a casting.

SECTION-D

Note: Long answer type questions. Attempt any one questions out of two questions. (1x10=10)

- Q.19 Write detailed note tools and equipments used in green sand moulding.

- Q.20 Write the name of operations that are performed in smithy shop. Explain any five tools used in smithy shop with diagram.
