#### 4th Semester/ Food Tech.

#### Subject : Technology of Milk & Milk Products

Time : 3 Hrs.

M.M. : 100

#### SECTION-A

**Note:** Multiple choice questions. All questions are compulsory (10x1=10)

- Q.1 Phosphatase test is carried out to check the adequacy of \_\_\_\_\_
- a) Sterilization                      b) Pasteurization
- c) Homogenization                  d) Clarification
- Q.2 The major quantity of milk in India is Utilized for making\_\_\_\_\_.
- a) Dahi                                      b) Ghee
- c) Butter                                      d) Ice cream
- Q.3 As per PFA, the double toned milk must have milk fat content of \_\_\_\_\_
- a) 3.5%                                      b) 3.0%
- c) 1.5%                                      d) 4.0%
- Q.4 The major fraction of milk protein is \_\_\_\_\_.
- a) Protease peptone                  b) Casein
- c) b-Lactoglobulin                  d) a-lactalbumin

- Q.5 A soft, unripened cheese usually made from skim milk is called as \_\_\_\_\_.  
 a) Cheddar                      b) Gouda  
 c) Cottage                      d) Parmesan
- Q.6 Milk contains which sugar?  
 a) Sucrose                      b) Starch  
 c) Cellulose                      d) Lactose
- Q.7 Ghee contains \_\_\_\_\_% minimum fat.  
 a) 60                              b) 99.5  
 c) 50                              d) 40
- Q.8 Paneer is a \_\_\_\_\_.  
 a) Concentrated milk product  
 b) Dried milk product  
 c) Coagulated milk product  
 d) Fermented milk product
- Q.9 pH of fresh cow milk is  
 a) 6.4-6.8                      b) 6.4-6.7  
 c) 6.4-6.6                      d) 6.4-6.5
- Q.10 Milk fat is present in \_\_\_\_\_ forms.  
 a) Colloidal                      b) Emulsion  
 c) True solution                      d) None of these

### SECTION-B

**Note:** Objective/ Completion type questions. All questions are compulsory. (10x1=10)

- Q.11 The yellow colour of milk is due to\_\_\_\_\_.

(2) 181141/121141/031141

- Q.12 The lightest constituent of milk is \_\_\_\_\_.  
 Q.13 Pasteurization was invented by \_\_\_\_\_.  
 Q.14 AMUL stands for \_\_\_\_\_.  
 Q.15 SMP stand for \_\_\_\_\_.  
 Q.16 Pearson's square method is used for \_\_\_\_\_.  
 Q.17 Carotene & xanthophylls are \_\_\_\_\_ soluble pigment. (Fat/Water)  
 Q.18 Scurvy occurs due to deficiency of vitamin \_\_\_\_\_.  
 Q.19 The first secretion collected from the udder at the beginning of lactation (5 days after calving) known as \_\_\_\_\_.  
 Q.20 IN case of Ice cream milk fat should not be less than \_\_\_\_\_ (10%/20%)

### SECTION-C

**Note:** Short answer type questions. Attempt any twelve questions out of fifteen questions. (12x5=60)

- Q.21 Explain the method of production of cream.  
 Q.22 Explain 'evaporated milk' with legal standards.  
 Q.23 Explain drum drying method of milk powder making.  
 Q.24 Explain pre stratification method of ghee making.  
 Q.25 Explain the step ripening of cheese in cheese making.  
 Q.26 Briefly explain about 'milk protein'  
 Q.27 Why is milk considered a complete food? Explain.  
 Q.28 Briefly explain the factors affecting composition of milk.
