

No. of Printed Pages : 4
Roll No.

182513

1st Year /Textile Design.
Subject : Textile Processes

Time : 3 Hrs.

M.M. : 60

SECTION-A

Note: Multiple choice questions. All questions are compulsory (6x1=6)

Q.1 Which of the following is a natural fiber

- a) Polyester b) Nylon
- c) Cotton d) None

Q.2 Which process is used to align fibers during yarn manufacturing

- a) Blow room b) Carding
- c) Doubling d) None

Q.3 Wool is obtained from

- a) Plants b) Silkworms
- c) Sheep d) None

Q.4 Which fiber is synthetic

- a) Nylon b) Jute
- c) Silk d) None

- Q.5 The chemical method used to identify fibers includes
 a) Burning b) Microscopy
 c) Solubility test d) None
- Q.6 Ring frame is used in
 a) Blow room b) Spinning
 c) Drawing d) None

SECTION-B

Note: Objective/ Completion type questions. All questions are compulsory. (6x1=6)

- Q.7 Jute is a _____ fiber. (Bast/Sisal)
 Q.8 Define filament.
 Q.9 _____ fiber is produced by silkworms.
 Q.10 Carding helps remove short fibers and aligns long fibers. (True/False)
 Q.11 Acrylic is a natural fiber. (True/False)
 Q.12 What is gilling?

SECTION-C

Note: Short answer type questions. Attempt any eight questions out of ten questions. (8x4=32)

- Q.13 Define fiber and differentiate between staple and filament fiber.

- Q.14 What are the main differences between cotton and wool?
 Q.15 Explain the steps involved in the production of cotton.
 Q.16 Describe the uses and properties of polyester fiber.
 Q.17 Describe the process of carding.
 Q.18 What are the functions of a speed frame in yarn manufacturing?
 Q.19 Discuss physical and chemical properties of silk fiber.
 Q.20 What is the process flow of worsted system of yarn manufacture?
 Q.21 Compare weft knitting and warp knitting
 Q.22 Describe the uses of polypropylene fiber.

SECTION-D

Note: Long answer type questions. Attempt any two questions out of three questions. (2x8=16)

- Q.23 Explain in detail the classification of textile fibers and their identification methods.
 Q.24 Describe the complete process of yarn manufacturing including blow room to ring frame.
 Q.25 Write a detailed note on fabric manufacturing and different types of knitted fabrics.
