

- Q.22 What do you understand by standard measurement book?
- Q.23 Write short note on different types of contracts.
- Q.24 Explain in detail the cubic rate estimate.
- Q.25 Write down the specification for
- Tile flooring
 - Bricks work in super structure
- Q.26 Write short note on rough cost estimate?
- Q.27 Describe salvage and scrap value.
- Q.28 Draw Performa for details of measurement?
- Q.29 Explain in detail the cubic rate estimate?
- Q.30 Write steps involving in analysis of rates?
- Q.31 Write detailed specification for the following :-
- R.C.C slab
 - Plaster work
- Q.32 Differentiate the following:-
- Scrap and salvage value
 - Labour rate & through role.
- Q.33 Write short note on Work order?
- Q.34 Explain the term “Mortgage”?
- Q.35 Explain the term “depreciation”?

SECTION-D

- Note:** Long answer type questions. Attempt any two questions out of three questions. (2x10=20)
- Q.36 Discuss Long wall and short wall method of taking out quantities in estimation?
- Q.37 What are tender documents. Explain in detail?
- Q.38 Give detailed specification for double storey building in 2nd class?

No. of Printed Pages : 4

180261/120261/030261

Roll No.

6th Sem / Arch.

Subject:-Quantity Surveying and Valuation/Qty. Surv., Val. & Spec

Time : 3Hrs.

M.M. : 100

SECTION-A

Note: Multiple choice questions. All questions are compulsory (10x1=10)

- Q.1 According to Indian Standards Institute, the actual size of modular bricks without mortar is
- 23 cm x 11.5 cm x 7.5 cm
 - 25 cm x 13 cm x 7.5 cm
 - 19 cm x 10 cm x 9cm
 - 20 cm x 10 cm x 10 cm
- Q.2 What is the primary role of a quantity surveyor in a construction project?
- Designing structural elements
 - Planning the building
 - Managing project finances and costs
 - Conducting safety inspections
- Q.3 Which of the following tasks is NOT typically performed by a quantity surveyor?
- Architectural design of building
 - Monitoring project schedule
 - Assessing variations to the contract
 - Negotiating contracts with suppliers
- Q.4 What is the purpose of a bill of quantities (BOQ) prepared by a quantity surveyor?
- To outline the project schedule
 - To specify the quality standards for materials

- c) To provide a detailed breakdown of project quantities and costs
- d) To conduct a risk assessment for the project
- Q.5 The term “BOQ” stands for:
 - a) Building Operations Questionnaire
 - b) Bill of Quantities
 - c) Budgetary Order of Quantity
 - d) Building Organization Query
- Q.6 What is the purpose of a tender document prepared by a quantity surveyor?
 - a) To request quotes from contractors for the construction project
 - b) To provide instruction on site safety regulations
 - c) To outline the project’s architectural design
 - d) To schedule project meetings
- Q.7 Which of the following factors does NOT typically influence construction costs?
 - a) Project location
 - b) Weather conditions
 - c) Construction material availability
 - d) Political stability
- Q.8 Which document provides a detailed breakdown of work items and their associated costs? ..
 - a) Project schedule b) Tender document
 - c) Bill of Quantities d) Scope of work
- Q.9 What is the term for the process of adjusting contract sums to account for changes in project scope or requirements?
 - a) Cost estimation
 - b) Value engineering
 - c) Variations management
 - d) Risk mitigation

(2) 180261/120261/030261

- Q.10 Which of the following is NOT typically included in a feasibility study?
 - a) Market analysis
 - b) Cost estimation
 - c) Structural analysis
 - d) Environmental impact assessment

SECTION-B

Note: Objective type questions. All questions are compulsory. (10x1=10)

- Q.11 Preliminary estimate is prepared to know the _____ cost of the project?
- Q.12 The unit of plastering for taking out quantity is _____.
- Q.13 Drip course is measured in _____.
- Q.14 No. of bricks required in 1 cum _____.
- Q.15 Valuation is the art of determining _____ of the property. (Fair value/Life cycle)
- Q.16 The damp proof course (D.P.C) is measured in _____ (cu.m/sq.m)
- Q.17 A tender is advertised in _____ (newspaper/ business environment)
- Q.18 Orders for goods are placed on a seller after his quotation is accepted (True/False)
- Q.19 The unit of measurement for steel work in trusses and its part is _____ (Quintal/cm)
- Q.20 A voluntary arrangement between two or more parties that is enforceable by law as a binding legal agreement is known as _____ (job/contract)

SECTION-C

Note: Short answer type questions. Attempt any twelve questions out of fifteen questions. (12x5=60)

- Q.21 What are the duties of a Quantity Surveyors? (any five)

(3) 180261/120261/030261
