

- Q.25 What is minimum wage? Explain with example.
- Q.26 Differentiate between PERT and CPM.
- Q.27 What are objectives of motion analysis?
- Q.28 Explain Halsey plan.
- Q.29 What is work sampling? Write its advantages.
- Q.30 Write short note on inspection.
- Q.31 Draw the Therbligs symbol of
- Search
 - Select
 - Position
 - Inspect
 - Release load
- Q.32 What is rest and policy allowances.
- Q.33 Name different techniques of performance rating.
- Q.34 Explain Inventory control in detail.
- Q.35 Explain the procedure of Method study.

SECTION-D

Note: Long answer type questions. Attempt any two questions out of three questions. (2x10=20)

- Q.36 Explain the principles of motion economy.
- Q.37 What are the internal and external factors affecting productivity?
- Q.38 Explain the objectives & components of PPC.

Mech. Engg. (Fabrication Tech.), Mech (CAD/CAM
Design & Robotics)
Subject:- Industrial Engineering**

Time : 3Hrs.

M.M. : 100

SECTION-A

Note: Multiple choice questions. All questions are compulsory (10x1=10)

- Q.1 Productivity is the ratio of
- Output and input
 - Input and Output
 - Production and Output
 - None of the above
- Q.2 Work Study is widely known as
- Productivity development
 - time and motion study method
 - Analytical estimating
 - Material handling study
- Q.3 The symbol '□' stands for
- Operation
 - Inspection
 - Permanent Storage
 - Delay
- Q.4 The full form of SIMO is
- Simultaneous movement
 - Sine movement
 - Simultaneous motion
 - Sine motion

- Q.5 Normal Time = _____
- Observed time + Allowances
 - Observed time x Performance rating factor
 - Normal time - Allowances
 - Observed time + Basis time
- Q.6 Which allowance is provided to the worker for the sudden stoppage of machine during operation?
- Rest allowance
 - Policy allowance
 - Process allowance
 - Random interference allowance
- Q.7 Roman plan and 50-50 halsey plan provide same earnings when actual time is _____ of standard time
- one-fourth
 - half
 - Twice
 - equal
- Q.8 The amount of money spent to get an item into inventory is called
- inventory carrying cost
 - inventory ordering cost
 - Inventory cost
 - none of the above
- Q.9 The store in which materials are stored as close to the point of use as possible is called
- Open store
 - close store
 - controlled store
 - none of the above
- Q.10 Gantt chart give information about
- Routing
 - scheduling
 - Dispatching
 - follow up

SECTION-B

Note: Objective type questions. All questions are compulsory. (10x1=10)

- Q.11 N.P.C stands for _____
- Q.12 There is no effect of government policies on the production.(T/F)
- Q.13 '∇' symbol is used for _____
- Q.14 Full form of PPC _____
- Q.15 Full form of CPM
- Q.16 The scientific study of relationship between man and his working environment is called _____
- Q.17 The remuneration paid under contract by an employer to an employee for the work performed by him is called _____
- Q.18 Promotion is a/an _____ incentive.
- Q.19 Define Productivity.
- Q.20 Write the types of store.

SECTION-C

Note: Short answer type questions. Attempt any twelve questions out of fifteen questions. (12x5=60)

- Q.21 Explain any five causes of low productivity.
- Q.22 Define work study and its objectives.
- Q.23 Draw a man type flow process chart.
- Q.24 Explain SIMO chart with an example.
