

- Q.25 Write difference between dyeing and printing.
- Q.26 Write the paste recipe for printing reactive dyes on cotton.
- Q.27 Write short note on burn out style.
- Q.28 Discuss about crimp printing.
- Q.29 Briefly write about direct dye printing on cotton.
- Q.30 Write about naphthol colours.
- Q.31 What is flow form technique?
- Q.32 Briefly discuss about aniline black printing.
- Q.33 What is resist printing?
- Q.34 What is principle of discharging?
- Q.35 Difference between discharge and resit printing.

SECTION-D

Note: Long answer type questions. Attempt any two questions out of three questions. (2x10=20)

- Q.36 Discuss the principle, paste ingredients and their purpose in Pigment printing.
- Q.37 Discuss the paste and procedure of color discharge printing on direct dyed cotton fabric.
- Q.38 Describe the paste and procedure of printing reactive dyes on cotton.

No. of Printed Pages : 4

182644/122644/032644

Roll No.

4th Semester/ Proc., Text. Chem. Subject : Technology of Printing-II

Time : 3 Hrs.

M.M. : 100

SECTION-A

Note: Multiple choice questions. All questions are compulsory (10x1=10)

- Q.1 Styles of printing are _____.
a) Two b) Three
c) Many d) None of these
- Q.2 Methods of printing are _____.
a) Two b) Three
c) Many d) None of these
- Q.3 Single or multicolour prints are made on white fabric in _____ style printing.
a) Direct b) Discharge
c) Resist d) None of these
- Q.4 Bandhani printing is a _____ style print.
a) Direct b) Discharge
c) Resist d) None of these

Q.5 _____ is used as resisting material in Batik Printing.

- a) Acid b) Caustic
- c) Wax d) None of these

Q.6 Burn out printing is based on _____ property of fibres.

- a) Dissolution b) Absorbancy
- c) Air permeability d) None of these

Q.7 Transfer printing is _____ method of printing.

- a) Direct b) Indirect
- c) Both d) None of these

Q.8 Transfer printing can be used on _____ fibres.

- a) Cotton b) polyester
- c) Wool & silk d) None of these

Q.9 _____ dyes are used in transfer printing

- a) Direct b) Disperse
- c) Vat d) None of these

Q.10 Rapid fast colors are soluble form of _____ dyes

- a) Vat b) Azoic
- c) Sulpher d) None of these

SECTION-B

Note: Objective/ Completion type questions. All questions are compulsory. (10x1=10)

Q.11 Define printing.

Q.12 Define dyeing.

Q.13 What kind of print is made by direct style.

Q.14 What kind of print is made by discharge style.

Q.15 Name any two styles of printing.

Q.16 Name any two methods of printing.

Q.17 Transfer printing is done on which fabrics?

Q.18 Burn out printing can be done on which type of fabrics.

Q.19 Pigments can be printed on which fabrics.

Q.20 Azoic dye is specially used for which colours.

SECTION-C

Note: Short answer type questions. Attempt any twelve questions out of fifteen questions. (12x5=60)

Q.21 Write short note on tie and dye.

Q.22 Briefly discuss about batik printing

Q.23 Write the paste recipe for printing Vat dyes on cotton.

Q.24 Discuss briefly about discharge style.
