

SECTION-D

Note: Long answer type questions. Attempt any two questions out of three questions. (2x8=16)

- Q.23 What is the graphic presentation of data. Explain different types of graph?
- Q.24 What do you mean by mean? Explain its merits and demerits?
- Q.25 What do you mean by table. Explain its merits and demerits with an example?

No. of Printed Pages : 4 186717/031324/ 1324N/073335
Roll No.

1st Year / DBM Subject : Basics of Statistics

Time : 3 Hrs.

M.M. : 60

SECTION-A

Note: Multiple choice questions. All questions are compulsory (6x1=6)

- Q.1 To calculate median all the items arranged in
- a) Descending order b) Ascending order
 - c) Both A & B d) None of these
- Q.2 The most accurate mode of data presentation is
- a) Diagrammatic method
 - b) Tabulation
 - c) Presentation
 - d) None of these
- Q.3 Diagrammatic presentation of data is done by
- a) Pictures b) Charts
 - c) Diagrams d) All of above

- Q.4 _____ is a measures of central tendency
- a) Mean b) Median
- c) None of these d) Both A & B
- Q.5 Which graphical representation is used to compare
- a) Histogram b) Line graph
- c) Bar chart d) None of these
- Q.6 What is the primary function of collecting data
- a) Increase information
- b) Transfer date
- c) To make decision
- d) All of above

SECTION-B

Note: Objective/ Completion type questions. All questions are compulsory. (6x1=6)

- Q.7 All three mean, medium, mode are types of central tendency (True / False)
- Q.8 Tables and diagraphs are valuable tool for communicating data (True / False)
- Q.9 Define time series.
- Q.10 The process of presenting data in the form of table is called _____ (Organization / tabulation)

(2) 186717/031324/ 1324N/073335

- Q.11 Range is the best tool for measuring central tendency (True / False)
- Q.12 Define mean.

SECTION-C

Note: Short answer type questions. Attempt any eight questions out of ten questions. (8x4=32)

- Q.13 Explain merits and demerits of graphs.
- Q.14 Explain components of time series.
- Q.15 Explain method of mode.
- Q.16 How you present your data in table form.
- Q.17 What are the merits and demerits of tables.
- Q.18 Explain different type of table.
- Q.19 What is the utility of time series.
- Q.20 Define mean, medium and mode.
- Q.21 What is range with its merits and demerits.
- Q.22 What do you mean by dispersion and standard deviation?

(3) 186717/031324/ 1324N/073335
