(1) MSIL-121734/031734

Q.7 What is the function of tool holder in lathe machine?

Q.8 Write the function of Jig.

Q.9 Write the function of Piston in I.C engines.

Q.10 Name the various parts of Screw Jack.

SECTION-B

Note: Long answer type questions. Attempt any four questions out of five questions. (20x4=80)

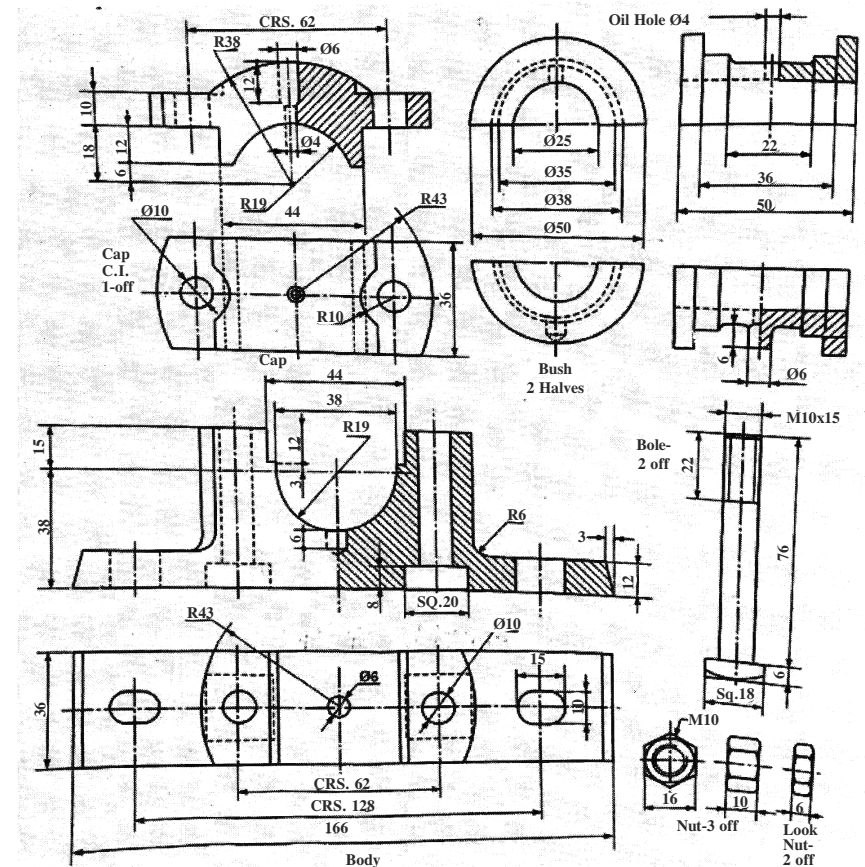

Q.11 Draw the free hand sketch of Roller Bearing.

Q.12 Draw the free hand sketch of V-belt pulley.

Q.13 Draw the free hand sketch of Connecting rod.

Q.14 In figure shows the detail of a plumber block. Assemble all the parts together and draw the following views:

i) Front View ii) Top View

- Dimension unit may be taken in mm
- Assume suitable dimensions as required if not specified or not visible clearly in the given figure
